DRONE VIDEOS

for the Friends of Brandywine Living at Litchfield

BRANDYWINE LIVING
at Litchfield

Life is Beautiful

Thursday, January 18 | 2:00-3:00pm

Peter Tavino is a professional civil engineer and Litchfield resident. His latest enterprise is capturing aerial images with his quadcopter drone as a Federal Aviation Administration part 107 certified small Unmanned Aircraft System Remote Pilot. Peter has published a continuing education course Drones for Engineers, and works for Realtors to help sell properties. His video collection of Brandywine and neighboring sites and activities will be shown and explained.

With each of the video clips presented, he will tell the short story about recording it, and then answer questions about this technology.

The drone will be shown, but not flown.

Light refreshments will be served.

RSVP to Nanette or Amber by January 14
